PROFILE

Results-driven web developer with over 4 years of hands-on experience in building, and optimizing responsive websites. Proficient in frontend development, I excel in delivering high-quality, user-centric solutions while staying current with the latest industry trends and technologies.

EXPERIENCE

SEAGULL ADVERTISING

Jr. Web Developer | Feb 2022 - Present

- Skilled web developer proficient in designing, developing, and maintaining websites and landing pages using a diverse set of technologies, including HTML, CSS, JavaScript, and Bootstrap.
- Adept at transforming PSD designs into responsive HTML and Bootstrap templates.
- Experienced in crafting custom web solutions through the creation of interactive animations and other visually engaging elements.
- Proven ability to write code from scratch and adapt existing websites to meet project requirements.
- Dedicated to ensuring cross-browser and cross-platform compatibility through rigorous testing.
- Expertise extends to crafting custom WordPress websites and continually monitoring site performance, implementing necessary adjustments for optimal user experience.

GRIDAXIS SOFTWARES

Website Developer | Sep 2019 - Jan 2022

- Led the design, layout, and coding of websites, focusing on delivering visually appealing and user-friendly solutions.
- Built websites using WordPress themes and plugins, leveraging their capabilities to create dynamic web experiences.
- Designed and managed the WordPress website back-end, overseeing database integration and server functionality.
- Developed WooCommerce websites using WordPress themes, providing clients with robust e-commerce platforms.
